

# AG PROPANE E-LERT

**PROPANE**  
EXCEPTIONAL ENERGY™

## Stay up-to-date on the propane F-250 pickup online

Thanks for signing up to follow the Propane Pickup tour. And special thanks to those of you who came to see the truck at the various events. The tour wouldn't have been successful without your support.

While the propane-fueled F-250 truck tour may be over, you can still visit [PropanePickup.com](http://PropanePickup.com) to stay up-to-date on the latest news about the truck.

Congratulations to Dennis Winner of New Weston, Ohio - winner of the NASCAR Sprint Cup Series race prize package. Thank you to all who entered the drawing.

## Propane FEED Program Incentive

Now that you've seen the benefits of the Roush propane-fueled Ford F-250, you can purchase a pickup and receive a \$5,000 incentive by participating in the Propane FEED Program. The Propane FEED Program is a demonstration program that provides an incentive to farmers toward the purchase of new propane equipment. To apply for the incentive, simply fill out an application and periodically provide feedback on the truck's performance on your operation. Visit [www.agpropane.com/demonstration](http://www.agpropane.com/demonstration) for more information.

To receive information about the latest developments in other propane research on the farm, or for the latest safety and training materials on propane, visit [www.agpropane.com](http://www.agpropane.com).
